**Cat & Kitten
Adoptions
At Karnik!**

We're pleased to announce that our friends at Karnik Pet Lodge are partnering with us to provide cat and kitten adoptions on a permanent basis!

Gorgeous George (white and black) and his brother **Chuck** (black) were left abandoned on a porch. They love each other, so we have them as part of our PURRFECT PAIR program which means they must be adopted together. George is a big boy, almost 15 pounds, and he's front declawed just like his brother Chuck. They are both about 8 years old. George may look aloof but in reality if you say HELLO he starts purring and gets up for love and attention. Chuck is a talker, and super sweet. Chuck and George must be indoor only cats, and they must be in a family who promise to give them plenty of love and attention! These friendly guys are waiting to meet you!

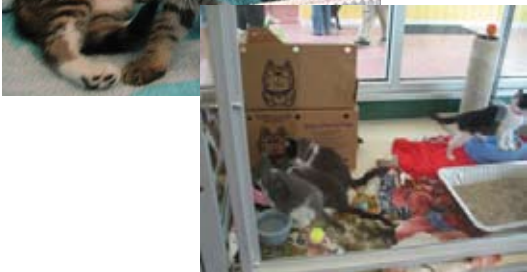

Meow! My name is **Vern**, and I'm a player! I especially love to play with fake mice and will bat them all over the place. I'm handsome too! I've got glossy black fur, and the cutest little white toes! I also wonderful have gold eyes. I'm playful, I'm friendly, and I'm one of those cats who wants to be solo. I don't care for competition and need to be the only cat in my family. I love people, and am anxious to find a permanent home. So please, would some nice person with no other kitties come adopt me? I am litter box trained, I groom myself, I am 'fixed' and have my shots and could be adopted today!

We're the KITTENS!

Snow White and Cinderella (top) have been raised in a foster home when they were found outside alone. They are super sweet brown tiger females.

Splash, Smudge and Spex (bottom) are sisters from the same litter and really enjoy playing together. Splash is gray and white and her sisters Smudge and Spex are black and white.
