CLINIC

Helping Animals & Our Community

Our Veterinary Clinic provides critical support to all of Humane Society Of Huron Valley, including:

- Supporting the shelter by performing spays/neuters and veterinary care so animals can be adopted.
- Providing vet care for new pet owners who adopt through HSHV.

By providing veterinary care for our community we create significant revenue that supports HSHV, and allows us to save even more animals.

THE HUMANE EDUCATION TEAM SAYS

Thank You!!!

AND THE KIDS THANK YOU, TOO!

LAUREN DIRECTOR OF ADVOCACY

Advocacy

In 2019, HSHV created the role of Director of Advocacy to strengthen engagement on animal welfare policy and practices in our community, state, and country.

Animal Defenders Facebook Group

- In an effort to further engage our volunteers and community, HSHV created a Facebook group “Animal Defenders”. We hope to use this group to connect and educate our community on issues affecting animals, and mobilize people on engaging with policymakers to make their voices heard.
- You can become an Animal Defender by joining our Facebook group AND by signing up on our website (on the Advocacy page), that way you can stay up to date on all things Advocacy! We encourage people to post pictures and articles, comment on other posts, and get a discussion going on the issues!

Legislative Tracker

HSHV added a Legislative Tracker to our website (on the Advocacy page under resources). This tracker lists the state and federal bills that we are tracking as well as provides additional information on the bills and the legislatures sponsoring them.

We hope volunteers and others will use the tracker to stay up-to-date on laws and policies that affect animals, and helps people engage with their lawmakers on specific pieces of legislation or issues.

Advocacy Resource

As we decide what issues we will focus on in advocacy, we will update the Advocacy page with our position statements and advocacy tips.

Have an issue that you think HSHV and the community should know about? You can email our advocates email (advocates@hshv.org) or even BETTER– post on Animal Defenders Facebook group and get a discussion going!

Successes

In the Fall of 2019, HSHV worked with the Washtenaw County Board of Commissioners and others to introduce a Humane Pet Acquisition Ordinance, ensuring that pet stores in Washtenaw County do not source from puppy or kitten mills.

Other Engagement

- HSHV has met with members of Ann Arbor's City Council to discuss ending the deer cull in Ann Arbor after 2020 - stay tuned for ways to get involved in this effort!
- HSHV provided testimony before the House Judiciary Committee regarding our concerns with bills introduced to crack-down on Emotional Support Animals. If you want to learn more about providing testimony before the City, County, or State – keep an eye out for advocacy workshops!

Thank you!

Thank you to all the volunteers who expressed interest in becoming more engaged in advocacy and helping to get this position created. Advocacy will look for more ways to work with our volunteers to advance humane animal policies in our community, state, and country!
