

Spider Wand Cat Toy Enrichment

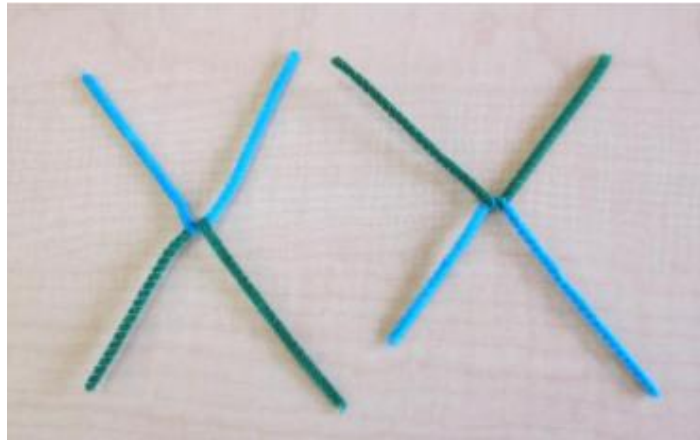

Materials:

- Four Pipe Cleaners
- Plastic String (one piece about two feet long)
- Dowel Rod (with a hole drilled in one end)

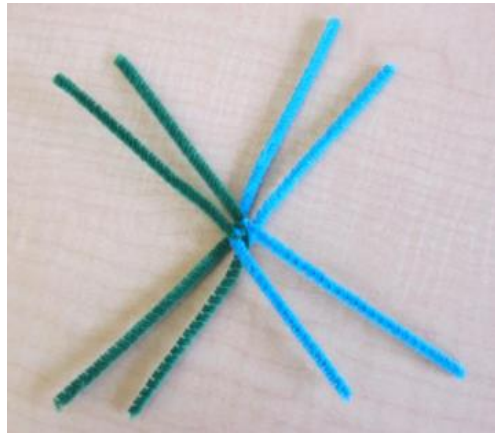

Time: 20 Minutes

Step 1: Create an “X” with each set of pipe cleaners then twist them together.

Important Disclaimer: Pet toys are NOT one-size fits all, meaning not all toys are safe for every pet. We cannot guarantee the safety of any specific toy, so make sure any toy you give your pet, especially these spider cat wands, are appropriate for them. Provide toys to your pet under supervision then put toys that could be harmful out of your pets reach when playtime is over.

Step 2: Make the “Xs” narrow then lay them on top of one another. Twist them together to make one piece.

Step 3: Bend the legs to make it look like a spider. Make an upside down “V” and then fold the bottom part out.

Provide toys to your pet under supervision then put toys that could be harmful out of your pets reach when playtime is over.

Step 4: Thread the plastic string through the hole in the wooden stick and tie a double knot around the stick.

Step 5: Attach the spider toy to the plastic string by tying a double knot.
