**Antibiotics (to go home/if needed)**..... \$20-70

**Antibiotic Gel (optional)**..... \$100

**Sanos Dental Sealant (optional)**..... \$36-135

**Other**.....\$\_\_\_\_\_

**TOTAL** ..... **\$871-1,346 (not including extractions)\*\***

## Complimentary Services:

Toenail Trim - day of surgery

One bag of dental chews, a bottle of water additive, or brush kit

A \$150 deposit is required at time of scheduling

\*Based on \$330 per hour (\$5.50/minute) of oral surgery time (includes extraction, suturing and post-extraction x-ray). Although extractions may not be anticipated at the time of oral exam, there is always a possibility that they will be needed. We do our best to make you aware if tooth extractions will be needed. However, once dental tartar is cleaned away and x-rays are taken, problems that were not obviously visible before have the potential to be present.

**Since your pet will be under anesthesia, we won't be able to contact you before extractions are performed. Please know that we only remove teeth when absolutely necessary for your pet's health and comfort.**

**\*\*All quotes are subject to change due to fee changes or if unforeseen events occur during the procedure\*\***
